Subject Index

A

Abuse
- Abuse in later life: power and control dynamics and a victim-centered response (Spangler and Brandl). 2007;12:322–331
- The clinical presentation of elder neglect: what we know and what we can do (Strasser and Fulmer). 2007;12:340–349
- Elder mistreatment: risk, vulnerability, and early mortality (Baker). 2007;12:313–321
- Enhancing participant recruitment in studies of sensitive topics (Records and Rice). 2006;12:28–36
- Sexual abuse of vulnerable adults in care facilities: clinical findings and a research initiative (Ramsey-Klawsnik et al). 2007;12:332–339
- What blocked heterosexual women and lesbians in leaving their abusive relationships (Patzel). 2006;12:208–215

Adherence
- The experience of being sleepy while managing type 2 diabetes (Chasens and Olshansky). 2006;12:272–278

Advocacy
- A commentary on the future of geropsychiatric nursing practice: definition, education, and advocacy (Rapp). 2006;12:156–160

Aggression
- Keeping the unit safe: a grounded theory study (Johnson and Delaney). 2006;12:13–21
- Keeping the unit safe: mapping psychiatric nursing skills (Delaney and Johnson). 2006;12:198–207

Assisted living
- A dialogue with senior thought leaders in geropsychiatric nursing: summary and synthesis (Puentes and Evans). 2006;12:161–164

Geropsychiatric nursing practice in the United States: present trends and future directions (Kaas and Beattie). 2006;12:142–155

Attention-deficit hyperactivity disorder

Sleep disorders and attention-deficit hyperactivity disorder in children: a missing differential diagnosis (Archbold). 2006;12:216–224

C

Collaboration

Abuse in later life: power and control dynamics and a victim-centered response (Spangler and Brandl). 2007;12:322–331

A dialogue with senior thought leaders in geropsychiatric nursing: summary and synthesis (Puentes and Evans). 2006;12:161–164

Geropsychiatric nursing: planning for the future (Puentes et al). 2006;12:165–169

Recommendations for building geropsychiatric nursing science: a commentary (Garand). 2006;12:100–104

Conferences

Geropsychiatric nursing . . . timing is everything, and this is the time (Evans and Buckwalter). 2006;12:74 (Editorial)

Introduction to geropsychiatric nursing: state of the future parts I and II (Stein). 2006;12:73

Credentialing

Geropsychiatric nursing education: challenge and opportunity (Morris and Mentes). 2006;12:105–115

Reenvisioning gerontological mental health nursing education: a commentary (Butcher). 2006;12:116–120

D

Dementia

Effects of music in reducing disruptive behavior in a general hospital (Helmes and Wiancko). 2006;12:37–44

Medications and sleep in nursing home residents with dementia (O'Sullivan and Koehn). 2006;12:279–285

Predictors of daytime sleep of nursing home residents with dementia (Viegas et al). 2006;12:286–293

Depression

Effects of depression on sleep quality, fatigue, and sleepiness in persons with restless legs syndrome (Cuellar et al). 2006;12:262–271

Geropsychiatric nursing: the state of the science (Kolanowski and Piven). 2006;12:75–99

Diabetes type 2

The experience of being sleepy while managing type 2 diabetes (Chasens and Olshansky). 2006;12:272–278

Disruptive behavior. see also Aggression

Effects of music in reducing disruptive behavior in a general hospital (Helmes and Wiancko). 2006;12:37–44

Drugs

Medications and sleep in nursing home residents with dementia (O'Sullivan and Koehn). 2006;12:279–285

E

Editorials

Elder abuse: a critical issue on the psychiatric and mental health nursing agenda (Stein). 2007;12:311–312

Geropsychiatric nursing . . . timing is everything, and this is the time (Evans and Buckwalter). 2006;12:74

No time to slumber: addressing the paradigm shift in the science of sleep within psychiatric nursing (McEnany). 2006;12:253–256

Transition! (Stein). 2006;12:11–12

Education

A commentary on the future of geropsychiatric nursing practice: definition, education, and advocacy (Rapp). 2006;12:156–160

Geropsychiatric nursing: planning for the future (Puentes et al). 2006;12:165–169

Geropsychiatric nursing education: challenge and opportunity (Morris and Mentes). 2006;12:105–115

Reenvisioning gerontological mental health nursing education: a commentary (Butcher). 2006;12:116–120

Elderly patients. see also Geropsychiatric nursing

Abuse in later life: power and control dynamics and a victim-centered response (Spangler and Brandl). 2007;12:322–331

The clinical presentation of elder neglect: what we know and what we can do (Strasser and Fulmer). 2007;12:340–349

G

Geropsychiatric nursing

A commentary on the future of geropsychiatric nursing practice: definition, education, and advocacy (Rapp). 2006;12:156–160

A dialogue with senior thought leaders in geropsychiatric nursing: summary and synthesis (Puentes and Evans). 2006;12:161–164

Geropsychiatric nursing: planning for the future (Puentes et al). 2006;12:165–169

Geropsychiatric nursing: the state of the science (Kolanowski and Piven). 2006;12:75–99

Geropsychiatric nursing . . . timing is everything, and this is the time (Evans and Buckwalter). 2006;12:74 (Editorial)

Geropsychiatric nursing education: challenge and opportunity (Morris and Mentes). 2006;12:105–115

Geropsychiatric nursing posters: perspectives on education, practice, and research from the frontline. 2006;12:170 (Overview of the field)

Geropsychiatric nursing practice in the United States: present trends and future directions (Kaas and Beattie). 2006;12:142–155

Introduction to geropsychiatric nursing: state of the future parts I and II (Stein). 2006;12:73
Recommendations for building geropsychiatric nursing science: a commentary (Garand). 2006;12:100–104
Reenvisioning gerontological mental health nursing education: a commentary (Butcher). 2006;12:116–120

J

Journal of the American Psychiatric Nurses Association
Letter to the editor: the meetings point (Stein). 2007;12:358
Transition! (Stein). 2006;12:11–12 (Editorial)

L

Lesbian partner abuse
What blocked heterosexual women and lesbians in leaving their abusive relationships (Patzel). 2006;12:208–215
Letter to the editor
Letter to the editor (Santopinto). 2007;12:359
Logical positivism
An examination of psychiatric–mental health outcomes from the perspectives of logical positivism and phenomenology (Kutney). 2006;12:22–27
Letter to the editor (Santopinto). 2007;12:359
Long-term care facilities
Sexual abuse of vulnerable adults in care facilities: clinical findings and a research initiative (Ramsey-Klawsnik et al). 2007;12:332–339

M

Minorities
A dialogue with senior thought leaders in geropsychiatric nursing: summary and synthesis (Puentes and Evans). 2006;12:161–164
Mortality
Elder mistreatment: risk, vulnerability, and early mortality (Baker). 2007;12:313–321
Music
Effects of music in reducing disruptive behavior in a general hospital (Helmes and Wiancko). 2006;12:37–44

N

Neglect
The clinical presentation of elder neglect: what we know and what we can do (Strasser and Fulmer). 2007;12:340–349
Nursing homes
Geropsychiatric nursing practice in the United States: present trends and future directions (Kaas and Beattie). 2006;12:142–155
Medications and sleep in nursing home residents with dementia (O'Sullivan and Koehn). 2006;12:279–285
Predictors of daytime sleep of nursing home residents with dementia (Viegas et al). 2006;12:286–293
Nutrition
A self-schema approach to healthy eating (Kendzierski). 2007;12:350–357

O

Obesity
A self-schema approach to healthy eating (Kendzierski). 2007;12:350–357
Outcome measures
An examination of psychiatric–mental health outcomes from the perspectives of logical positivism and phenomenology (Kutney). 2006;12:22–27
Geropsychiatric nursing: the state of the science (Kolanowski and Piven). 2006;12:75–99

P

Palliative care
It's not too late: insomnia research and palliative care (Hultman). 2006;12:257–261
Pediatric patients
No time to slumber: addressing the paradigm shift in the science of sleep within psychiatric nursing (McEnany). 2006;12:253–256
Sleep disorders and attention-deficit hyperactivity disorder in children: a missing differential diagnosis (Archbold). 2006;12:216–224
Philosophy
An examination of psychiatric–mental health outcomes from the perspectives of logical positivism and phenomenology (Kutney). 2006;12:22–27
Letter to the editor (Santopinto). 2007;12:359
Physical health
It's not too late: insomnia research and palliative care (Hultman). 2006;12:257–261
Posters
Geropsychiatric nursing posters: perspectives on education, practice, and research from the frontline. 2006;12:170 (Overview of the field)
Psychiatric nursing. see also Geropsychiatric nursing
Introduction to geropsychiatric nursing: state of the future parts I and II (Stein). 2006;12:73

Q

Quality of life
Geropsychiatric nursing: the state of the science (Kolanowski and Piven). 2006;12:75–99

R

Research design and methods
Enhancing participant recruitment in studies of sensitive topics (Records and Rice). 2006;12:28–36
Geropsychiatric nursing posters: perspectives on education, practice, and research from the frontline. 2006;12:170 (Overview of the field)
Recommendations for building geropsychiatric nursing science: a commentary (Garand). 2006;12:100–104
Letter to the editor: the meeting point (Stein). 2007;12:358
Restless legs syndrome
Effects of depression on sleep quality, fatigue, and sleepiness in persons with restless legs syndrome (Cuellar et al). 2006;12:262–271
Sleep disorders and attention-deficit hyperactivity disorder in children: a missing differential diagnosis (Archbold). 2006;12:216–224

S

Safety
Keeping the unit safe: a grounded theory study (Johnson and Delaney). 2006;12:13–21
Keeping the unit safe: mapping psychiatric nursing skills (Delaney and Johnson). 2006;12:198–207
Self-schema approaches
A self-schema approach to healthy eating (Kendzierski). 2007;12:350–357
Sexual abuse
Sexual abuse of vulnerable adults in care facilities: clinical findings and a research initiative (Ramsey-Klawsnik et al). 2007;12:332–339
Sleep
Effects of depression on sleep quality, fatigue, and sleepiness in persons with restless legs syndrome (Cuellar et al). 2006;12:262–271
The experience of being sleepy while managing type 2 diabetes (Chasens and Olshansky). 2006;12:272–278
Geropsychiatric nursing: the state of the science (Kolanowski and Piven). 2006;12:75–99
It's not too late: insomnia research and palliative care (Hultman). 2006;12:257–261
Medications and sleep in nursing home residents with dementia (O'Sullivan and Koehn). 2006;12:279–285
No time to slumber: addressing the paradigm shift in the science of sleep within psychiatric nursing (McEnany). 2006;12:253–256 (Editorial)
Predictors of daytime sleep of nursing home residents with dementia (Viegas et al). 2006;12:286–293
Sleep disorders and attention-deficit hyperactivity disorder in children: a missing differential diagnosis (Archbold). 2006;12:216–224
Stress, chronic
Elder mistreatment: risk, vulnerability, and early mortality (Baker). 2007;12:313–321
Survey methods
Enhancing participant recruitment in studies of sensitive topics (Records and Rice). 2006;12:28–36

V

Violence. see also Abuse
Keeping the unit safe: a grounded theory study (Johnson and Delaney). 2006;12:13–21
